

Applicant Instructions for Well Permit Approval Process

In order to make the best use of your time and to assist the staff in completing applications quickly we ask that the items provided below be completed prior to visit. By completing these items it reduces the time on site and the need for return visits. We appreciate your cooperation.

**** Please be advised that a revisit fee of \$50.00 may be assessed if site visit is made and items are not completed.**

1. I have completed the "Application for Well Permit"
2. I have provided a survey plat or site plan of the property (with dimensions). This plat or site plan **MUST** include property lines with dimensions, the location of the proposed residence, addition/expansion to existing or commercial facility, any appurtenances (for example: detached garage, driveway, storage building(s), barn, swimming pool, pond or special landscaping features), preferred site for wastewater disposal system and any burial sites, underground storage tanks, existing water supplies, water lines and surface waters.

Example Site Plan
 Minimum Site Plan Size
 8 ½ by 11 inches

3. I have marked all property corners and boundaries.
4. I have located all wells, springs, and surface waters on the property or within 50 feet of the property. I have staked all proposed structures in their exact location on the site, including driveway.
5. I have cleared undergrowth on the property to the point that there is visibility for at least 50 feet from any one location.
6. I understand that no grading shall be performed before issuance of permit.
7. I understand that if above items are not completed, and a site visit is made, **I may be assessed a re-visit fee and delays will occur.**

I agree to complete the requirements listed above and have the property prepared for a soil/site evaluation, prior to the evaluation being conducted.
